

Journey to WHAHC 2023 with Homey

If you have been with us from the beginning, you must already know Homey. If you have recently joined our tribe, please meet Homey – the friendly cat mascot of the World Hospital at Home Congress.

He is optimistic, curious, and deeply passionate about helping the Hospital at Home mission. He is a strong believer that our community can influence the future of health care for the better.

Homey has a video series to guide you through the 2023 congress experience! Watch his videos to learn more about WHAHC 2023: Watch Homey's first video for his trip to WHAHC 2019 in Madrid.
